Looking for a herdsire with not only incredibly beautiful fleece and conformation, but a gentle disposition?

Then Makeanu is the male for you!

His sire, Keanu of PVA, was a multiple ribbon winner, and his grandfather is none other than Mahogany Prince! With those genetics, you can't go wrong. Tipping the scales around 225 pounds, Makeanu commands attention in the pastures with his regal posture and attitude. Take a closer look and you will notice how exquisite his fleece is...great lock structure, high luster, and incredible density; all of which he has passed on to his progeny. Add to that his gentle nature (also evident in Mustang and Basquiat), and you have a winning combination. Just imagine what his 3rd Generation Champion genetics can do for your herd.
