*Now this is a girl with some pretty impressive genetics!*

Her dam, Azalea, is dam to Supreme Champion Kobe of PVA and Grand Champion Montoya of PVA. Her sire, Keanu, is an offspring of Mahogany Prince, as well as a champion in his own right. Azaria follows right in the footsteps of her ancestors, as a multiple award winner and Reserve Color Champion. Her excellent conformation and fleece production illustrates the quality of her genetics. For her first breeding, PVA chose to match her with the true black herdsire MacGyver's Balboa, who in 2006/2007 won 16 AOBA Certified Halter Class Championships and 20 First Place Halter Class Blue Ribbons. The pairing of these two brought together generations of champion genetics resulting in Azaria's first cria, Balboa's Cezanne (female, dark brown), born in June 2010. And what a beauty she was from day one! Azaria is currently bred to Prince Greystone for a June 2011 cria. We expect another magnificent cria...one with gray in the background!
